WOOLWORTHS

WOOLWORTHS FASHION, BEAUTY AND HOME

Woolworths South Africa Fashion, Beauty and Home is committed to driving positive social and environmental change in our supply chain. We mandate safe, inclusive and respectful workplaces wherever our products are manufactured, and are committed to greater transparency of our manufacturing operations. In line with this commitment, Woolworths South Africa has started the journey to publicly disclose the list of factories involved in the manufacture of our private-label products. This list is neither exclusive nor exhaustive.

This list includes the names, addresses, and worker statistics of sites engaged in the manufacture of our goods. All sites listed are included in our Social and ethical compliance audit Programme and our team works closely with all suppliers and factories to continuously implement improvements. By releasing this information, we aim to provide customers with greater insights into our supply chain. All sites listed are correct at the time of publishing, and due to the seasonal nature of the retail industry this list is subject to change. It also reflects the latest available information.
