

# TRANSPARENCY AND TRACEABILITY

## SUSTAINABILITY IS CORE TO OUR BUSINESS - IT IMPACTS LITERALLY EVERYTHING THAT WE DO.

It has been entrenched into the culture of our organisation and is put into action through our Good Business Journey (GBJ) programme. We have set ourselves ambitious goals to ensure that we challenge ourselves for constant improvement and tackle relevant and critical sustainability issues and concerns.

A traceable and ethical supply chain is a key focus of our strategy, as we believe that when we can trace where a product has come from, we can support better working conditions and reduce its environmental impact.

Publishing this list of Tier 1 suppliers – including their names, locations and number of employees – is a vital step towards a fashion industry that is environmentally sustainable, accountable and fair. Tier 1 are our direct apparel, beauty and home suppliers.

Our social and ethical compliance audits record the conditions of industry workers and help to advance our suppliers on their own journeys to ensuring dignified livelihoods and safe, equitable employment in their communities where they operate. By working closely together, from raw materials through the supply chain, to our stores and into the lives of consumers, we can achieve peace of mind for all.

MAKING A DIFFERENCE ❤️

WOOLWORTHS FASHION, BEAUTY AND HOME

Woolworths South Africa Fashion, Beauty and Home is committed to driving positive social and environmental change in our supply chain.

We mandate safe, inclusive and respectful workplaces wherever our products are manufactured, and are committed to greater transparency of our manufacturing operations.

In line with this commitment, Woolworths South Africa has started the journey to publicly disclose the list of factories involved in the manufacture of our private-label products.

This list is neither exclusive nor exhaustive.

This list includes the names, addresses, and worker statistics of sites engaged in the manufacture of our goods.

All sites listed are included in our Social and ethical compliance audit Programme and our team works closely with all suppliers and factories to continuously implement improvements.

By releasing this information, we aim to provide customers with greater insights into our supply chain.

All sites listed are correct at the time of publishing, and due to the seasonal nature of the retail industry this list is subject to change. It also reflects the latest available information.

Woolworths does not directly own any of the listed factories
